FIGHT FOR A ROYAL RECOGNITION.—Queen Alexandra continues her fight for royal recognition at the court of St. Petersburg for Countess Torby, the morganatic wife of the Grand Duke Michael of Russia. To show her determination that the Countess Torby shall be a Grand Duchess in title as well as by marriage, the Queen invited the Grand Duke Michael and his wife to the royal house party which was held at Sandringham last week.

To make her determination more apparent her Majesty has allowed it to be announced that when she and King Edward go to the Riviera for a stay, in the spring, they will go as the guests of Michael and his Countess-wife. Sheb a recognition for the Countess as a visit like this will be all powerful in impressing the claims of the morganatic wife upon the Russian court.

The Grand Duke Michael has never regretted his choice of a bride outside of the purple. The Countess Torby is today a more fascinating woman and a more cultured person than are two-thirds of the daughters of the royal houses of Europe. Michael, by this marriage, forfeited on behalf of his children all right to succession to the Russian imperial throne, but he has gained a life of happiness and comfort such as no other royal prince in Europe enjoys.

There is little doubt that Queen Alexandra's campaign in behalf of the couple will be a success. It is fair, however, to predict that it will not be heart-breaking. Every well-informed person, probably take up the cause in Great Britain, where they are prime favorites with all of the aristocracy, as well as with the King and Queen.

VIRGINIA SOIL AS APPLE RAISER.—Speaking of the study of soils, secretary of Agriculture Wilson, in his annual report says:

"The demands for the soil work in Virginia were so great and from such a number of widely different localities in the State that it was difficult to determine where the survey should be started. I was finally decided to take up a series of studies, including a portion of Piedmont, Virginia, and of the Blue Ridge mountains and then to enter Prince Edward county, which is typically a dark tobacco district.

"About 600 square miles will be surveyed in Bedford county. On the Piedmont portion of the area the soils are derived from disintegration of crystalline rocks, and the prevailing types are well adapted to grass and corn particularly.

"Considerable attention is already paid to the raising of cattle, and the heavy shipping and manufacturing tobacco are produced to some extent. The most important results of the survey, however, are looked for in the classification of the mountain lands in the development of the apple industry.

"This section is already recognized as a prominent apple-growing district, but there is room for the extension of both the apple and peach industries. Soil types are being recognized and mapped which are adapted to these fruits and to their different varieties, and it is believed that the work will be of great value to horticulturists.

COUNTRY CLUB FOR WARRENTON.—A letter from Warrenton says: "A movement for a country club is being organized in Warrenton. Something of that kind has long been wanted here. It would not only add immensely to the pleasure of our citizens, but would contribute substantially to the comfort of both summer and winter visitors.

"One lady who has been a resident in Warrenton for several years, has generously promised the large sum of one thousand dollars to it. The patronesses are Mrs. Charrington, Mrs. Appleton and Mrs. Hoce.

"The committee on arrangements are Mrs. Appleton, Mrs. Alice Payne Carr, Mrs. Charles Nash and Miss Mary Welby Scott.

"The property that the club would like to get is either the Pollock house, opposite the Episcopal church, or Neptune Lodge, the present home of Mr. and Mrs. James Maddox, which will be for rent as soon as their new house is completed."

HIS FEET COLD, WIFE SUES FOR DIVORCE.—I. is reasonable to suppose that had William Wiegand worn foot warmers his honeymoon would not have been rudely interrupted by the frigid leave taking of his wife five days after their marriage. Wiegand undoubtedly has very cold feet, according to Caroline Wiegand. She endured the trial just five days and then decided to add her own to the list of unhappy marriages. Mrs. Wiegand has brought suit for divorce. Although in her papers complaints commonly found in divorce suits are recorded, she gives the cold feet issue precedence. "My husband has the coldest feet I ever felt. He insisted on placing them against my back," Mrs. Wiegand stated. Wiegand lives at 63 Davis avenue, Newark, N. J. The couple were married on September 18, 1898. Mrs. Wiegand also complains of brutality on the part of her husband because she refused to give him \$1,814 of her savings. She names Wiegand's housekeeper as co-respondent.

WASHINGTON, D. C.

An Immense Purchase of Finest Mercerized Satine Undershirts.

You doubtless remember the commotion in the business world occasioned by the disastrous failure of the old established house of Seiz Bros., the leading makers of high class shirts. The failure was not only the worst in years, but on account of the unceremonious leaving of the members of the firm for parts unknown, their affairs were thrown into court, which appointed receivers to take charge of the stock and sell it subject to the approval of the court. Bids were called for, and Hecht & Co.'s bid was accepted.

And in this way we have come into possession of the entire stock of about 14,000 of the finest undershirts ever produced—and as our bid was very greatly below the actual cost of producing, the prices we have made for the selling of this immense purchase are the smallest ever named. Not a woman who is not personally interested in the magnitude and once-in-a-lifetime chance to secure such fine garments at such a small part of their worth. Read the description below—and come as early as possible for the better choosing:

These beautiful Petticoats are in the finest mercerized satine, very rich and lustrous, equal in appearance and far superior in wear to silk skirts. The trimmings include elaborate effects in velvet folds and pipings, pleated flounces, clusters of ruffles, and every style and pattern of trimming. Colors are royal, cerise, violet and black.

Although including an almost endless variety of grades, styles and qualities, the skirts have been divided into three lots at these prices:

Brands May Come

but the famous old

"Plantation"

goes on forever. Years ago, when we first put this brand upon the market, we determined there should be one firm which would make an honest effort to keep its product up to a certain standard, and the popularity of our "Plantation" brand is evidence that we have succeeded. The stock is of the same quality, and the blend exact. The same care is exercised in the manufacture of our entire output.
